# ROXY GUNN PROJECT

The Roxy Gunn Project is an eclectic alt-rock band from Las Vegas, NV that was formed in 2010. The Project is fronted by the crisp, soulful, warm voice of Roxy Gunn and backed up by a driving, edgy hard rock guitar sound. The Project performs at several Las Vegas area venues that include; House of Blues, Santa Fe Station Hotel & Casino (Chrome Showroom), Sunset Station Hotel & Casino (Club Madrid), The Palms Hotel & Casino (The Lounge), Planet Hollywood, Vamp'd, The Downtown Grand, and many other live music venues. They currently perform weekly at O'Sheas Casino at the LINQ on the Las Vegas Strip.

The Roxy Gunn Project is a full-time band, performing as a "cover band" several nights a week while writing, arranging, and recording their original music during the day as well as performing original concerts and showcases frequently. They are currently working on their second album to follow their debut album "On With The Show", which was released in late 2012.

The Roxy Gunn Project is rapidly acquiring fans locally and globally as they perform for the many natives and tourists that visit the Las Vegas area and keep in touch with the band through their website, roxygunnproject.com, and through popular online social media outlets. The Project's goal is to share their music with as many people as possible and gain a solid world-wide fan base; show by show, song by song.

## Press

*"Roxy Gunn Project (pictured) takes aim at The Lounge in the Palms at 11 p.m. January 25. The alt-rock band fired off a full-length album on iTunes last month called On With the Show, and it's excellent, start to finish. From the thrash-meets-power-pop of "At the End of the Day" to the guitars-in-your-face arena anthem "All the Same," frontwoman Gunn isn't afraid to pull the trigger on a solid vocal hook. The band has played every conceivable live-music venue on and off the Strip. Listening to Show, I hear why they've been successful."*

- Jarret Keene, Vegas Seven Magazine (Jan 24, 2013)

*"Roxy Gunn is one of the most talented people I know," Slash bassist Todd Kerns proclaimed not too long ago. "Expect huge things from this beautiful and gifted artist." That's a mighty big compliment from a musician who has played with plenty of notable rockers in his career, so the young lady must have something special. Fronting the Roxy Gunn Project for only a little over a year now, the band is percolating just under the rock & roll radar."*

- Leslie Michele Derrough, Glide Magazine (Jun 04, 2012)

*"Vegas veterans, The Roxy Gunn Project, (although not the headlining band) stole the entire show with their demanding stage presence, musical experience, and loyal fan base. Lead vocalist Roxy Gunn sounded like a Joan Jett-esque rocker, filled with endless spunk and personality that she shared with everyone in the room. Their song, "Goodbye Kiss" even caught the attention of passersby from the bar, who stopped to listen to the band's music."*

- Amy Nelson, Audio Addiktion (Apr 04, 2012)

## Meet The Roxy Gunn Project

Roxy Gunn made her mark in Las Vegas as a solo artist at the age of fifteen, playing many artist showcases and performing throughout Las Vegas. Roxy quickly became the opening act of choice for many local promoters. She opened for such acts as; Pat Dinizio of The Smithereens, and classic 80's pop band, Gene Loves Jezebel. She now holds the lead vocal and rhythm guitar roles in The Project.
